

PROCESS/EXPECTATIONS OF NEW CONSTRUCTION

Quotes and bids are sent to builder based on house plans sent to our team.

STAGE 01

QUOTES / BIDS

A consultation will be held with the builder/project manager during the framing stage of the property. Samples will be provided & we will discuss placement of electrical.

STAGE 02

CONSULTATION

Track placement will be discussed prior to track installation. We will advise on how to build the recessed screen cavities at this point.

STAGE 03

TRACK INSTALLATION

PROCESS/EXPECTATIONS OF NEW CONSTRUCTION

- Current lead-time subject to change
- All flooring must be completed before final measure
- **This ensures the screen will be cut at a bias if required.*

STAGE 04

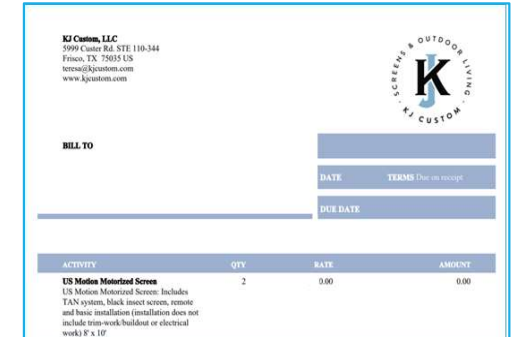

**FINAL MEASURE
& ORDERING**

Our team will reach out in order to schedule screen installation and all final installations will be completed.

STAGE 05

FINAL INSTALLATION

A final invoice will be sent upon completion of the final installation.

STAGE 06

INVOICING
